Reaches Washington.

(From Our Regular Correspondent)

WASHINGTON, S. pt. 21, 1896. The better the news the harder we'll work, is the motto which gov erns republican headquarters, and it is being lived up to. The silver men are on the retreat in every state in which the Republican National and Congressional committees have made a fight for McKinley and honest money, but as yet the retreat is orderly By redoubling their efforts, the repub lican managers believe they can make it a complete rout on the 3rd of November-so complete that the free coinage of silver by this country alone will never again be made a National issue; and nothing less will satisfy them. They are working with all the vim and energy they could put into the campaign if the chances for repub-lican victory were doubtful instead of the victory were doubtful instead of the victory assured as it is. This pleases all visiting republicans, as it enables them to go home and tell their friends that there is no danger from over-confidence on the part of

Chairman Babcock, of the Congressional committee, is now giving spec-ial attention to the Congressional dis-tricts, and by the middle of October ha will know about what the size of the republican majority in the next House will be. Two years ago when Mr Babcock gave out his figures, they were hooted at by the democrats and many republicans were disposed to smile at them, but when the returns came in, it was seen that they were based upon direct information from every Congressional district.

Mr. Babcock is proud, as he has every right to be, of his record as Chairman of the Congressional committee. He doesn't believe in the wisdom of making big claims based on nothing but hope, as the popocrats are now doing. He thinks it possible always to obtain information as how, at mow doing. He thinks it possible atways to obtain information as how, at

and he wants the public to take his
figures as eareful estimates and not as

Gives the names of dead and living friends tells who and when you will marry, also of business journeys, lawsuits, absent friends, he aith or anything you know, no matter what it is. He can call up your spirit friends and show them to you. Can make them rap all around the room. He asks no questions, don't ask you to write names for him. Don't try to pump you in any way, but tells you right off, ite is thoroughly endorsed by leading spiritualists everywhere, received from them a gold medal and special license to practice his wonderful powers; credentials no one else can show can give thousands of references to both white and colored patrons. Twenty-five years' practice—seven in Brooklyn—will show you that he can do all that he can tell of. Can tell what business is best for you and where, how to win speedy marriage with the be can do all that he can tell of. Can tell what business is best for you and where, how to win speedy marriage with the one you love. How to be successful in all your doings in short what is best to do. He succeeds when all others fail. Positive satisfaction or no pay. Call and see. You will find it lucky to consult this Christian gentleman. He has a medicine that will cure drunkenness, can be given patients not knowing it. Thousands through him are now

with all their undertakings, while those who neglect his advice are still laboring against poverty. Through his perfect knowledge of chemistry, he can impart to you a secret that will overcome your quemies and win you friends. His aid and advice has often been solicited; the result has always been the securing of speedy and happy marriages and all your wisnes. In love affairs he never fails. He has the secret of winning the affections of the opposite sex. It is the curse of Spiritualism that in all large cities there are a class of men and women who claim powers they do not possess. They have neither gifts, credentials, nor references. Surely the colored people are not so wanting in sense as to throw their time and money away on such. Dr. Shea refers to the Hon. William Denmore, Architect and builder. 47 Cleveland Ave_and Mr. Fred. Lampe, grocer. 64: Fuiton Street, Brooklyn. All have known him for the past seven years. He gives a free test of his power to all. The doctor has practiced five years in New Orleans, st. Louis, Memphis and Louisville; understands thoroughly the chiseases, spells or influences the race is sub-RICH. HAPPY AND SUCCESSFUL the diseases, spells or influences the race is subject to. He is now and always had a large patronage from them.

Brooklyh. Aug. 15, 1891. This is to certify that I came to New York from Albany. I was a strarger in a strange city, out of work and out of money. I had no luck in anything I undertook. What to do I did not know. A friend advised me to go and see Dr. Shea. I did. He told me the cause of my troubles; he took me in and treated me as a brother. Through him I got a good position that very week. I had been to others; they took my money and did me no good. I bless the day I first met Dr. Shea. I would advise all in bad luck, sick or in trouble to go to him at once. Sincerely.

Albert Ayers, 2007 Atlantic Ave.
Brooklyn, Aug. 16, 1891. This letter is to certify that my husband had gone away and had been absent two years, I mourned for him night and day. I gave him up, as dead. Hearing of the wondernot things Dr. Shea was doing I resolved to consuit him. He told me that my husband was alive and well, and where he was; told me he would come home and when. To my joy all 61 it came true. He is home now, came he would come home and when. To my joy all 61 it came true. He is home now, came and it was almost insane. I went to Dr. Shea and he told me I would find my money and to my intense joy I did find it as he told me. I thank tood there is a man so gifted in our midst that can help people and telt them what to do.

Sincerely, Mrs. Barrett,

A SENSATION IN BROOKLYN.—A MINISTER'S STATEMENT.

I wish to state that one of my parishoners was sick and in trouble for a long time. Mrs. Brown, 37. Gay Street. No one seemed to understand her case. She had several doctors, but none of them seemed to know what was the matter. None could do her any good. It was my duty as her pastor to call and see her. Hearing of the wonderful work being done by Dr. Shea the last few years, I thought I would call and see him myself. I found him a kind sympathetic gentleman. He gave me a wonderful test of his powers; told me to send him a lock of patient's hair, which I did by her saughter. He told at once what was the matter and in a short time cured her sound and well. Herfamily had seemingly been under a cloud. Now all schanged.
